

# Shaker Peg Shelf Dimensions

# Steps to build

Chop a 4x4 white pine board to 30" long

Joint a face (cup side down)

Joint the Edge (nicest one)

Plain the board to 3/4" thick

Layout and plan all of the cuts on the board.

You need a

(1) @ 20x4

(1) @ 16x 3,1/2

(2) @ 4x4

Make a 4" rip

Make a 3 1/2" rip

Take the 4" wide board and chop one end square.

Take the 4" board and chop it to (1) @ 20 (2)@4

Take the 3,1/2" board and chop it to an exact 16,1/2"

Take 16x 3,1/2 and layout line centered with three pegs spaced at 4 1/8 apart

Drill on press with forsner bit

Sand all pieces then glue pegs in place

Assemble as demonstrated. Glue, clamps and nails will be used.
